EXAMINER'S COMMENT

1. The Notice of Allowance is responsive to applicant's amendment filed 11/15/2007 and 5/5/2008. The *amendment and remarks*, filed therein has overcome the rejection of claims 13 and 30 **under 35 USC 102 (b) mailed on 4/1/2008**. Therefore, the rejections of claims have been withdrawn.

2. The following is a statement of reasons for the indication of allowable subject matter:

The claims 13 and 30 in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose or suggest an apparatus for transplanting a hair graft, including: a gas permeable rod is inside a housing, an end of the rod is movable to a position along a central axis of the housing, where a vacuum source couples to the housing to provide suction through the gas permeable rod and at the open distal end of the housing for drawing a hair graft into the hair graft chamber, where the end of the rod is movable between a first position and a second position, wherein, with the end of the rod in the first position, the housing provides a spacing between the end of the rod and the open distal end of the housing to receive a hair graft, wherein, with the end of the rod in the second position, the end of the rod is flush with the open distal end of the housing, so that the hair graft is delivered to a scalp wound, *in combination with the rest of the claimed limitations as set forth in claims 13 and 30*.
